THE SECOND SCHEDULE

GENERAL REGULATIONS.

I.—Academic Year.

1. An academic year shall in respect of any course of study or part thereof be such period of time as comprises the terms or other periods prescribed for work during one calendar year in relation thereto and the next ensuing periods prescribed for annual and supplementary examinations in relation thereto.

II.—Terms.

2. Except for the third and fourth years of the bachelor's degree course in the Faculty of Dentistry, and the fourth, fifth and sixth years of the bachelor's degree course in the Faculty of Medicine, there shall be three terms in a calendar year.

- (i) The First Term shall begin on the tenth Monday of the year and shall end on the Saturday before the twenty-first Monday.
- (ii) The Second Term shall begin on the twenty-third Monday of the year and shall end on the Saturday before the thirty-second Monday.
- (iii) The Third Term shall begin on the thirty-fifth Monday of the year and shall end on the Wednesday after the forty-third Monday.

3. Note.—For the fourth, fifth and sixth years of the Bachelor's Degree course in Medicine provisional arrangements are in force and no permanent provision as to terms has yet been made.

4. In the third and fourth years of the Bachelor's Degree course in the Faculty of Dentistry the work of the course shall begin on the first Tuesday of the year, and shall continue, in the case of the third year, until the beginning of the Annual Examination Period, and in the case of the fourth year until the Saturday immediately preceding Christmas Day.

III.—Examination Periods.

5. There shall be an Annual Examination Period beginning on the Friday after the forty-fourth Monday of the year, and a Supplementary and Final Honours Examination Period beginning on the sixth Monday of the year.

IV.—Examinations.

6. Examinations to be known as the Annual Examinations shall be held each year and, subject to the provisions

relating to deferred and special examinations, all candidates required to pass an examination in any subject other than a Final Honours Examination shall sit for the annual examination in that subject. Unless the Senate approves of any annual examination being held at some other time all such examinations shall be held during the Annual Examination Period, provided, however, that the annual examinations in the subjects of the fourth year of the course in Dentistry shall begin on the third Monday of the year.

7. Subject to the provisions of any other regulations, Final Honours Examinations and examinations for higher degrees shall be held during the Supplementary and Final Honours Examination Period; except that the Final Honours Examination for the degree of Bachelor of Science with Honours, other than the examination in Mathematics, shall be held during the Annual Examination Period, and, with the approval of the Faculty or Board concerned, part of any Final Honours Examination may be held during the Annual Examination Period.

8. (i) In this and other regulations the term Supplementary Examination means an examination given to a candidate after he has in the same academic year sat for and failed to pass the annual examination in the subject in question.

(ii) In respect of courses in the Faculties of Arts and Commerce there shall be no supplementary examinations.

(iii) In respect of all other courses, subject to any special regulations dealing with the matter, the Faculty or Board concerned may allow a candidate to sit for a supplementary examination in any subject.

(iv) Supplementary examinations shall be held during the Supplementary Examination Period, except that in respect of the subjects of the fourth year of the course in Dentistry they shall be held at a time recommended by the Faculty of Dentistry and approved by the Senate, beginning as near as possible to the fourteenth Monday of the year.

(v) A candidate who has been given a deferred examination under the provisions of the Special War-time Statute and Regulations or of these regulations shall not be entitled to any further examination in the nature of a supplementary examination; but if circumstances of special hardship exist his case may be treated as if it fell within the provisions of regulation 9 (iii).

9. (i) In this and in other regulations the term Deferred Examination means an examination given to a candidate who has failed in the same academic year to sit for the annual examination in the subject in question.

(ii) If the Faculty or Board concerned is satisfied that a candidate will be or has been unable to sit for an annual examination prescribed in his case or that other good cause exists for deferring his examination, the Faculty or Board may, if it thinks fit, allow the candidate to sit for a deferred examination on such conditions as it may determine. Deferred examinations shall be held in conjunction with the supplementary examinations. An application for a deferred examination on the ground of disability will not be entertained unless made forthwith after the candidate's disability arose. Each application must be supported by evidence of the grounds on which the application is made, and the evidence must accompany the application or follow it within three days, and in any case must reach the Registrar before the Examiners' Meeting of the Faculty is held.

(iii) In any case not covered by the preceding or any other regulations relating to examinations, where the Faculty or Board concerned is satisfied that a candidate will be or was unable to sit or was handicapped by illness or otherwise when sitting for any examination, and that in the circumstances of the case a special examination should be allowed to the candidate, the Faculty or Board may make a recommendation accordingly to the Professorial Board and may at the same time recommend that a special fee be paid to the examiners concerned. Thereupon the Professorial Board may recommend such action in the matter as it thinks fit.

For the purpose of any regulation prescribing the time at which an examination must be passed a special examination shall be deemed to have been held at the time of the examination in place of which the special examination was granted.

V.—Enrolments.

10. (i) In this division of these regulations the term "course" means a group of subjects comprised in a prescribed year of study.

(ii) Persons desiring to pursue the studies connected with any course or subject shall enrol for such course or subject in the manner hereinafter prescribed.

(iii) Such persons shall apply for enrolment on forms provided for the purpose.

(iv) In the case of applicants other than those sitting for the Special Matriculation Examination, applications for enrolment in any year shall be lodged with the Registrar not later than the thirty-first day of January in that year. Where the applicant is sitting for a supplementary or Deferred Examination, his application shall be treated as a provisional

application for enrolment for the courses or subjects set out in the application and also for the courses or subjects taken by him in the preceding year the requirements for which are not completed by him at such Supplementary or Deferred Examination.

If an applicant sitting for a Supplementary or Deferred Examination does not immediately after receiving notice of the result of his examination make any further application, his application shall cease to be provisional, and, as the case may require, shall take effect as an application for enrolment for the courses or subjects therein specified or for the courses or subjects taken by him in the previous year for which also he was deemed to be provisionally enrolled. If the applicant desires to enrol for any other course or subject he shall as soon as possible lodge a further application specifying all the subjects for which he desires to be enrolled. In respect of any courses or subjects for which provisional application was not previously made or deemed to be made, the application may, but shall not necessarily, be treated as having been made before the thirty-first day of January.

(v) Persons sitting for the Special Matriculation Examination in any year who desire to enrol in that year shall, not later than the thirty-first day of January in that year, lodge with the Registrar the Provisional Enrolment Form provided for such persons. On being notified of his results in such examination he shall forthwith lodge with the Registrar an ordinary form of enrolment. If such form confirms the application or one of his alternative applications made in the Provisional Form previously lodged, the application for enrolment shall be deemed to have been made before the thirty-first day of January preceding.

(vi) An applicant shall be deemed to be enrolled as from the day on which notice of acceptance of his application was posted or otherwise sent to him.

11. An application for enrolment received during the month of February may be accepted, but only if good cause for the delay is shown ; and an applicant shall not be enrolled for any subject or for any course comprising that subject unless the number of students already enrolled or approved for enrolment for that subject and for courses comprising that subject is less than the maximum number of students for whom it has been possible to make provision in respect of that subject. In the case of applications received during the month of February absolute preference shall be given to persons who have served for at least six months in the Naval, Military, or Air Forces.

12. Each day and evening student shall interview the Dean of his Faculty in regard to his work for the year not later than the Saturday immediately preceding the first day of the First Term.

13. Late enrolments may be accepted at the discretion of the Dean of the Faculty concerned, up to but not after the Saturday in the second week of the First Term. An additional fee of 10s. must be paid in each case where a late enrolment is accepted.

14. With the approval of the Dean of his Faculty, a student may add to the number of subjects selected by him for the year, or substitute one subject for another, at any time up to but not after the Saturday in the second week of the First Term. He may cancel his enrolment in any subject at any time during the year.

15. The Senate, in its absolute discretion, may refuse to enrol any student who fails to satisfy the Senate by documentary evidence or otherwise as it may decide, that he is of good character.

VI.—Enrolment Exemptions.

16. A candidate who enrolled for a subject, but failed to pass the concluding examination therein may, if the Faculty approves, be exempted from enrolment in the subject the following year. He may proceed to examination again in the subject at the next Annual Examination upon submitting an entry and paying a fee corresponding to the prescribed Supplementary Examination fee.

VII.—Fees for Enrolments.

17. All fees for enrolments shall be paid in advance either annually in one sum or in three terminal instalments. Annual and first-term payments must be made not later than the ninth Saturday of the calendar year. When not paid in advance at the beginning of the year, fees for the second term must be paid not later than the twenty-second Saturday of the calendar year, and the fees for the third term must be paid, together with the entrance fee for the Annual Examination, on or before the 31st August.

18. Any student who does not pay the prescribed fees in accordance with the provisions of Regulation 17 shall be required to pay, in addition, a late fee of 10s. If payment is not made within two weeks after the due date, the late fee shall be increased to £1.

19. A student shall not be entitled to have his name entered on the roll of any class in any subject until he has paid the prescribed fees therefor.

VIII.—Books and Other Equipment.

20. Undergraduates and non-matriculated students attending courses shall provide themselves with such books, instruments, and other equipment as from time to time may be directed by the Faculty concerned.

IX.—Time-tables.

21. The time-tables of lectures for the various Faculties shall be published in the Calendar. Any alteration that it may be necessary to make in the time-table as published will be notified on the University Notice Board from time to time.

X.—Examination Entries and Time-tables.

22. Each candidate for the Honours and Annual Examinations in November, or for the Honours Examination in February, or for examination for admission to Higher Degrees, shall lodge his entry, in the prescribed form, with the Registrar on or before the 31st August preceding such examination. He shall at the same time submit the duplicate deposit slip covering his examination fee and his fees for the Third Term.

23. Each candidate who fails at the Annual Examination in November, and who is entitled to sit for a Supplementary Examination in February, shall lodge with the Registrar, not later than the 10th December preceding, his entry for the Supplementary Examination together with duplicate deposit slip for the prescribed Supplementary Examination fee.

24. No examination entry shall be accepted until the prescribed fees have been paid.

25. A late entry may be accepted from a candidate at any time within seven days after the prescribed date, upon payment by the candidate of a late fee of £1 in addition to the usual fee.

26. The time-table for the Annual and Honour Examinations in November shall be prepared and posted on the Notice Board of the University not later than the 30th September.

27. The time-table for the Supplementary and Honour Examinations in February shall be prepared and posted on the Notice Board of the University not later than the 31st January.

XI.—Examination Results.

28. Lists of candidates in the several subjects shall be prepared by the Registrar and furnished to the Examiners concerned. The results of the candidates shall be entered by the Examiners in these lists.

29. The examination lists as presented by the Examiner shall be placed before the Board of Examiners of the Faculty concerned. The Board shall prepare a schedule containing the complete results ; and this schedule, after verification by the Dean, shall be submitted for the confirmation of the Faculty. The results shall thereafter be furnished to the individual students ; shall be laid before the Senate at its next meeting ; and shall be duly entered in the University records.

XII.—Withdrawal of Entries.

30. Candidates who are prevented by illness or other exceptional causes from presenting themselves for examination must send written notice to the Registrar so as to reach him not less than three days before the examination. In each such case, the entrance fee less 25 per cent. will be refunded.

XIII.—Class Lists.

31. A pass in each subject may be credited as “ pass ” “ credit ” and “ distinction.”

XIV.—Theses and Dissertations.

32. (a) A thesis, dissertation, or other material required of a candidate for a Master's Degree shall be submitted at such time as the head of the department concerned prescribes.

(b) Subject to any decision made in the matter by the Faculty concerned, a candidate for a higher degree may submit a thesis or other material required in his case at any time during the year. A candidate for the Master's Degree shall consult the head of the department concerned as to the choice of subject for his thesis, and obtain approval of the subject chosen from the faculty concerned, at least six months before submitting the thesis.

(c) Subject to the provisions of paragraph (d) below, a candidate for a degree, diploma, certificate or other award who is required to present a thesis, dissertation, report or other similar composition shall lodge at least four bound printed or typewritten copies of it with the Registrar not later than the eighth Monday of the year in which the award is sought.

Of the copies thus lodged three shall be retained by the University as its own property, and any other copy or copies shall within a reasonable time be returned to the candidate lodging them. Of the three copies retained by the University two shall be placed in the Main Library, one to be kept there permanently, and the third shall be at the disposition of the head of the department concerned.

(d) In any case affected by some other regulation inconsistent with this regulation the provisions of this regulation shall apply in so far as they are not inconsistent with such other regulation.

XV.—Admission to Degrees.

33. A candidate desiring to be admitted to a degree at the Annual Degree Ceremony shall apply in the prescribed form and pay the prescribed fee at least fourteen days before the date fixed for the ceremony. Where arrangements have been made for a special ceremony or for admission *in absentia* at another date, a candidate shall comply with such requirements as the appropriate authority determines.

34. A candidate who is qualified to be admitted to a higher degree, and who desires to be admitted to the degree before the next Annual Degree Ceremony, may apply for earlier admission, stating the grounds on which he makes the application. Thereupon the Faculty concerned may make such recommendation to the appropriate authority as it thinks fit.

XVI.—Non-Matriculated Students.

35. Any person who is not less than 16 years of age, and who in the opinion of the Dean of the Faculty concerned is competent to undertake the work, may be permitted to enrol for the course in any subject, upon complying with the usual enrolment conditions and paying the prescribed fees. Upon approval by the Faculty concerned, special enrolments for parts of courses may be granted at fees approved by the Senate.

36. (i) Non-matriculated students enrolled for Diploma courses in Architecture, Commerce, Physiotherapy, or Physical Education shall have a status within the University entitling them to the same benefits, other than qualification to proceed to a degree, and rendering them subject to the same discipline and obligations, including the making of a declaration in the form set out in Chapter IX. of the Statutes, as apply in the case of undergraduate members of the University.

(ii) Non-matriculated - students pursuing a course leading to the Diploma in Mechanical and Electrical Engineering who have completed two years of the course and are enrolled as evening students in the Faculty of Engineering shall have the same status, with the same rights and liabilities, as the abovementioned students.

(iii) The Registrar shall keep a roll in which shall be entered the names of students enrolled for the diploma courses specified in this regulation who have made a declaration of obedience and submission to the Statutes and authorities of the University.

(iv) Any other non-matriculated persons who have enrolled as students within the University shall be subject to the statutes and regulations relating to discipline to the same extent as matriculated students are subject thereto.

XVII.—Attendance at Lectures.

37. (a) Students compelled to be absent from more than one lecture shall as soon as practicable notify the Professor or Lecturer concerned.

(b) If the Faculty concerned declares that in its opinion a student's attendance at lectures or performance of laboratory or field work or other prescribed work in any subject is unsatisfactory the student shall thereupon become ineligible to sit for the examination in that subject.

(c) The transfer to external status shall not generally be approved if, before applying, the student has been absent from more than three lectures.

XVIII.—Medical Certificates.

38. All medical certificates submitted for University purposes—i.e., in connection with absences from classes, unfitness to sit for examination, or any other purpose—must be in the following form :—

I, _____, duly qualified medical practitioner in the State of Queensland, certify that I saw and examined _____ on _____ and am of the opinion that he is suffering from _____ and that as a consequence of this—

1. He should not attend his usual work at the University for a period of _____ and/or
2. Is quite unfit to sit for the examination to be held on _____ and/or
3. Although he sat for his examination on _____ he was in my opinion seriously handicapped by his illness.*

* Please state whether student was under your professional care at the time he sat for his examination. YES/NO.
(Please strike out clauses which are inapplicable.)

Notice.

Any student who, on account of accident or illness, wishes to claim any consideration—

1. For continued absence from lectures, or
2. For a supplementary, deferred, or special examination, must furnish the above certificate duly signed by the legally qualified medical practitioner who has attended him.

Students are notified that this medical certificate, in order to support either of the above claims, must be sent to the Registrar as soon as possible after the occurrence of the accident or advent of the illness, or, in the case of (3) above, must reach the Registrar as soon as possible after the examination concerned, and in time to be brought before the meeting of examiners of the Faculty.

It must be noted, however, that only in special circumstances, approved by the Faculty concerned, can consideration be given to applications referred to in clause 3 above which are submitted after the student has sat for his examination.

XIX.—Discipline.

39. Any conduct of a student which involves disobedience to a reasonable direction by a superior officer or a member of the teaching staff of the University, or which is detrimental to the interests of the University or of its members as such or any student as such, or which is disorderly or unduly interferes with the comfort or convenience of any person within the precincts of any University property, or which otherwise is unbecoming to a University student, shall be deemed to be a breach of discipline.

40. (1) The Senate, in the exercise of the power conferred upon it by the Statutes to impose penalties for breach of discipline, may suspend a student from attendance at the University for such period as it may determine, or may exclude the student permanently from the University, or may impose a fine upon him, or may impose on him any other penalty which it deems appropriate to the case.

(2) The Senate may confer on any committee appointed by it for the purpose or on any officer or other authority within the University all or any of its powers to deal with breaches of discipline.

(3) In determining whether a student has committed a breach of discipline the Senate may hear or refrain from hearing the student and otherwise follow such procedure as it thinks fit.

41. If the President of the Professorial Board receives notice that a student has committed a breach of discipline he may, after hearing the student and making such other inquiry as he thinks fit (whether or not a penalty has already been imposed under Regulation 42), either—

(a) impose a fine on the student not exceeding five pounds ; or

(b) refer the matter to the Senate.

42. If any dean, professor, or head of a department receives notice that a student has committed a breach of discipline, he may suspend the student from attendance at classes within his faculty or department, as the case may

be, for a period not exceeding one week, and, after hearing the student and making such other inquiry as he thinks fit, either—

- (a) impose a fine on the student not exceeding one pound; or
- (b) refer the matter to the President of the Professorial Board.

43. Any member of the teaching staff may exclude from his classes for a period not exceeding one week any student who commits a breach of discipline affecting the holding of such classes, and shall as soon as possible report the matter to the head of his department, who thereupon may exercise such power under Regulation 42 as he thinks fit.

44. Any fine imposed in accordance with these Regulations shall be a debt due from the student to the University and shall be payable immediately. So long as a fine imposed on him remains unpaid a student shall not have any rights as such against the University.

45. Any student on whom a penalty has been imposed under paragraphs 37 (b), 41, 42, or 48 of these Regulations may appeal to the Senate against the decision, whereupon the Senate may deal with the matter as if it had come before the Senate originally.

46. If by way of punishment a student is suspended from attendance at the University or is permanently excluded from it, he shall not thereby become entitled to be repaid fees paid by him or to be relieved from payment of any fees already payable by him.

47. Subject to the provision of Regulation 45 the decision of the Senate or of any other competent authority or officer of the University that a breach of discipline has been committed shall be final and conclusive as against the student affected.

48. For any breach of discipline in the Library, the Librarian, or officer in charge of the Library, may exclude the offender from the Library for not more than twenty-four hours, and shall as soon as possible report the matter to the Chairman of the Library Committee, who may exercise in relation to the matter the same powers as are conferred on the President of the Professorial Board by Regulation 41.

XX.—General.

49. Nothing in these Regulations contained shall be construed to prevent any Faculty from holding any examination on any subject or subjects at such time as such Faculty may think fit.

THE TENTH SCHEDULE.

LIBRARY REGULATIONS.

1. The Library of the University is divided into the General Library and Departmental Libraries.

2. Books may be used in the Library and, subject to any decision by a competent authority that any book is not to be borrowed, borrowed from it by—

- (a) Members and ex-members of the Senate;
- (b) Members of the University teaching and research staff;
- (c) Superior officers of the University administrative staff;
- (d) Students bona fide pursuing regular courses of the University.

Provided that external students may borrow books only from the External Studies Departmental Library.

3. Books may be used in the Library by—

- (a) Graduates of the University;
- (b) Any person to whom the Librarian in the case of the General Library, or the Head of the department in the case of a Departmental Library, gives individual permission to do so.

4. The Librarian in the case of the General Library, and the head of department concerned in the case of a Departmental Library, may, subject to such conditions as he considers proper in the circumstances, lend books to any institution that has been approved for that purpose by the Chairman of the Library Committee.

5. Subject to these regulations, the hours during which the General Library or any Departmental Library shall be open and other matters concerning the use of the Library shall, if not determined by the Library Committee, be determined in the case of the General Library by the Librarian, and in the case of a Departmental Library by the head of the department in which it is established. The Librarian or head of department as the case may be may prescribe that any book shall not be taken away from the Library.

6. Except by special permission given by a competent authority, members of the University staff may not have more than eight volumes, and other borrowers more than three volumes, out of the Library at one time, except as provided by regulation 8.

7. Any volume borrowed from the Library shall be returned to it within the time prescribed for return. In the absence of any special provision the time shall be fourteen days, but the issuing authority may extend or abridge such time for all borrowers of any particular volumes or class of work, or for a particular borrower of any volume.

Any volume borrowed may be recalled by the issuing authority before the end of the period otherwise prescribed.

8. During the long vacation students out of Brisbane other than external students may have up to six volumes out of the Library at one time, and may retain them for such period, not exceeding twenty-eight days, as the issuing authority determines.

In such a case the student may have volumes sent to him, at his own expense, and where they are not returned by hand shall return them safely packed at his own expense.

9. Notwithstanding the previous regulations, all books borrowed shall be returned to the Library at least one week before the beginning of the Annual Examination Period. All books borrowed during the Long Vacation shall be returned at least one week before the beginning of the Supplementary Examination Period.

10. Any person using a Library book shall not make any mark on it. If he fails to return it, or returns it in a damaged condition, he shall pay to the University the cost of making good the loss or damage thus caused, whether to the individual volume or to a series of which it forms part.

11. The Librarian, or as the case may be a head of department, may fine a borrower who fails to return a book within the time prescribed for return at the rate of one shilling a week or portion of a week and, in the case of breach of regulation 9 or failure within a reasonable time to return a book recalled by the issuing authority, an additional ten shillings.

A fine thus imposed shall be paid within seven days, and if evidence of such payment is not produced to him promptly the Librarian or head of department concerned may exclude the offender from the use of the Library.

12. In addition to any other penalty that may be imposed, the Librarian, or as the case may be a head of department, may exclude from the use of the Library any person who commits a breach of these regulations or a breach of discipline in or about the Library.

The Degree of Doctor of Philosophy.

1. A person seeking the Degree of Doctor of Philosophy shall apply to the Professorial Board, through the Registrar, to be admitted as a candidate for the Degree, and shall submit with his application a proposal of a course of advanced study and research to be pursued by him for the purpose of obtaining the Degree.

2. The Board shall thereupon determine the Faculty and the Department thereof in which the proposed course of study should be pursued, and, if it approves the proposed course of study, and if the applicant is qualified in accordance with the next regulation to be a candidate for the Degree, may grant his application.

3. A candidate for the Degree shall—

- (i) (a) if the appropriate Faculty is a Faculty other than the Faculties of Dentistry, Medicine, and Veterinary Science, hold a Master's Degree of that Faculty or a Bachelor's Degree with First or Second Class Honours of that Faculty, or have been admitted *ad eundem statum* ; or
- (b) if the appropriate Faculty is the Faculty of Dentistry or Medicine or Veterinary Science, hold a Bachelor's Degree with First or Second Class Honours of that Faculty, or have been admitted *ad eundem statum*, or, being the holder of such Degree without First or Second Class Honours or having been admitted *ad eundem statum*, have pursued for at least one year a course of research satisfactory to the Professorial Board ;
- (ii) satisfy the Board by appropriate evidence that he has adequate training and ability to pursue the course of study and research proposed by him.

4. Subject to regulation 5, a candidate shall, after being admitted as a candidate, pursue within the University for at least two years a course of advanced study and research approved by the Board under such supervision as the Board may prescribe. With the permission of the Board the candidate may pursue his course for a period of not more than one year at another institution under conditions approved by the Board, provided he pursues it for at least two years within the University.

A candidate may be required to meet the cost of any special equipment needed for his research work.

5. A candidate who holds a Master's Degree or has been admitted ad eundem statum may be permitted by the Board to pursue such part of his research work as the Board approves otherwise than by attendance at the University, but under the supervision of the University.

6. A candidate shall pursue the course as a full-time student, unless, being a University teacher, he is permitted by the Board to pursue it as a part-time student. In such case he shall pursue the course, if he is a part-time teacher, for at least three years, and if he is a full-time teacher, for at least four years.

7. A candidate shall attend such lectures and seminars and perform such practical and other work as the Board may prescribe.

8. Within one year of completing his course a candidate shall present a thesis embodying the results of his research.

He shall state, generally in the preface and specifically in the notes to his thesis, in the form prescribed by the Royal Society of London for its Publications, the sources from which his information is derived, the extent to which he has made use of the work of others, and the portions of the work he claims as original.

He may also submit any work he has published, whether or not it relates to the subject of his thesis.

He shall lodge with the Registrar four bound copies of the thesis and four copies of any published work submitted.

9. The thesis shall not be or include a work or substantial part thereof submitted for another degree conferred on him by this or any other University.

11.10. The thesis and any published work submitted by the candidate shall be submitted to three examiners appointed by the Board, one of whom shall be an external examiner.

Each examiner shall make a separate report on the merit of the thesis and other work submitted to him.

After considering the examiners' reports the Board may require the candidate to submit to such written, oral, or practical examinations as it considers desirable, and thereafter shall make such recommendation to the Senate as it considers proper.

11.11. The Board may make rules incidental to the carrying out of these regulations, and in so far as they apply to him a candidate shall fulfil the requirements of such rules.

- "10. If a candidate does not complete his course of study within one year more than the minimum period prescribed for the course the Board shall review his case and he may not continue as a candidate for the Degree except with the approval of the Board and on such terms as it may prescribe."

FACULTY OF LAW

Regulations relating to the Degree of Bachelor of Laws.

Add to Regulation 2 the following paragraph :—

" Provided further that a candidate for the Degree of Bachelor of Arts who has secured at least seven units of credit towards that Degree may, if the Dean of the Faculty of Law approves, enrol for subjects not included in his course for the Degree of Bachelor of Arts ; and if in the one academic year he satisfies the requirements in respect of any such subject and other subjects amounting in all to at least two units, he shall after matriculating in the Faculty of Law be deemed to have passed in that subject."

FACULTY OF DENTISTRY

The Degree of Master of Dental Science.

1. A candidate for the degree of Master of Dental Science shall be a Bachelor of Dental Science of the University of Queensland of not less than two years' standing, or have been admitted *ad eundem statum*.

2. If the candidate has not been awarded First or Second Class Honours in Dental Science by this University he shall satisfy the Faculty of Dentistry, by examination or otherwise as the Faculty may determine, that before or after graduation he has attained an equivalent standard of scholarship.

3. A candidate shall—

Either

(a) Pass both Parts, viz., Part I Basic and Part II Dental, of the examination for the Degree ;

Or

(b) Pass Part I Basic of the examination and present a thesis*, of a quality that satisfies the examiners, on a subject approved by the Faculty.

4. (1) To pass in Part I of the examination a candidate shall pass in *one* of the following sets of subjects :—

* For further provision as to theses, dissertations, etc., see General Regulations, Schedule II, Section XIV.

Pathology and Bacteriology
 Physiology and Biochemistry
 Metallurgy and Dental Materials
 Anatomy and Histology
 Physics and Chemistry

or an equivalent basic subject approved by the Faculty.

(2) To pass in Part II of the examination a candidate shall pass in Oral Pathology and in *one* of the following subjects :—

Operative Dentistry
 Dental Prosthesis
 Oral Surgery
 Orthodontics

or an equivalent subject approved by the Faculty.

(3) The examination shall be by such mode or modes, written, oral, or practical, as the Faculty may decide.

(4) Notwithstanding Regulation 1 the Faculty may in special circumstances allow a candidate to pass in Part I of the examination when he is of one year's standing only.

5. A candidate who presents a thesis may be required by the Faculty to pass an examination in the branch of Dental Science from which the subject of his thesis is taken.

6. The Faculty may require a candidate to undertake practical work in any of the subjects of his examination at a School approved by the Faculty.

The Degree of Doctor of Dental Science.

1. A candidate for the degree of Doctor of Dental Science shall be a Master of Dental Science of at least two years' standing or a Bachelor of Dental Science of at least four years' standing of the University of Queensland or have been admitted *ad eundem statum*.

2. If the candidate, not having the status of a Master of Dental Science, has not been awarded First or Second Class Honours in Dental Science by this University, he shall satisfy the Faculty of Dentistry, by examination or otherwise as the Faculty may determine, that before or after graduation he has attained an equivalent standard of scholarship.

3. A candidate shall present a thesis,* on a subject approved by the Faculty, which satisfies the examiners that he possesses such scholarship and power of original research as to warrant the award of the Degree. The candidate shall provide such evidence as the Faculty requires of the authenticity and independent originality of his thesis, and shall indicate to what extent he has used the work of other writers on the subject of the thesis.

4. The thesis must not have been previously presented in substantially the same form for a degree in any other Faculty or other University. When the Faculty has approved of a subject submitted by a candidate that candidate shall not, without the permission of the Faculty, present a thesis on the same subject for a degree in any other Faculty of the University.

5. The Faculty may require a candidate to pass an examination in the branch of Dental Science from which the subject of his thesis is taken.

* For further provision as to theses, dissertations, etc., see General Regulations, Schedule II, Section XIV.

6. The examiners may consider any of his published contributions to Dental Science submitted by the candidate together with the thesis.

7. There shall be three examiners, of whom one shall be the Professor of Dentistry and the other two shall be persons resident outside the State of Queensland.

THE COMMONWEALTH SCHOLARSHIP SCHEME

Under this Scheme, 3,000 entrance Scholarships will be available each year for competition by students who have completed a normal secondary school course and who wish to continue their education at Universities or other approved institutions of similar standing in Australia. A special feature of the Scheme is the provision for two per cent. of the 3,000 Scholarships available each year to be awarded to students of mature age. These Scholarships will be known as Mature Age Scholarships.

The Scholarships available under the Scheme will be divided among the States on the basis of the total population in each State.

Approved Courses.

The courses approved under the Scholarship Scheme include :

- all first degree courses at Universities ;
- certain undergraduate diploma courses at Universities ;
- certain honours courses and combined courses.

The courses approved include part-time as well as full-time courses, and in approved circumstances a student awarded a Commonwealth Scholarship will be permitted to study a full-time course on a part-time basis. There will not be any quotas for courses and, in general, a Commonwealth Scholar may apply his Scholarship to any one of the approved courses.

Eligibility.

Age.—Applicants for the 3,000 entrance Scholarships available each year will, in general, be required to be under the age of 21 years on 1st January in the year in which they desire to commence their courses.

Applicants for Mature Age Scholarships will be required to be not under 25 years of age and in general not over 30 years of age at the commencement of the academic year following the date of application.

Residential Qualifications.—Applicants for entrance Scholarships will in general be required to show that they and their parents are permanently resident in Australia or intend to take up permanent residence in Australia.

Applicants for Mature Age Scholarships will be required to establish that they have resided continuously in Australia for a period of ten years immediately preceding the date of application and that they intend to remain in Australia.

Selection.

The award of Commonwealth Scholarships will be made entirely on merit on the results of public examinations qualifying students for matriculation, and no regard will be paid to the means of a student's parents.

Deferment.—Winners of Commonwealth Scholarships may be permitted in certain circumstances to defer the commencement of their courses under the Scheme for a period not exceeding twelve months.

Benefits.

All students awarded Commonwealth Scholarships will be entitled to the following allowances, without any means test :—

Tuition fees ;
Examination fees ;
Matriculation fees ;
Degree fees ; and
General Service fees.

A Commonwealth Scholar who undertakes his course on a full-time basis will also be entitled to certain travelling allowances.

Living Allowances.

Entrance Scholarships.—Applicants for Commonwealth Scholarships who wish to undertake approved full-time courses on a full-time basis may also apply for living allowances, which will be payable subject to a means test. The maximum living allowances will be £130 per annum in the case of a student living with his parents, and £195 per annum in the case of a student living away from his parents.

It is anticipated that these allowances will be increased in the near future.

Commonwealth Scholars who receive living allowances under the Scheme will, in approved circumstances, be permitted to supplement their allowances by engaging in employment, and will also be entitled to retain a certain amount of any allowances they may receive from other awards.

Further information concerning the Commonwealth Scholarship Scheme may be obtained from the Director-General of Education, Department of Public Instruction, Brisbane.
